NYSIBPAC Information

What is NYSIBPAC?

The purpose of New York State Independent Bankers Political Action Committee is to sustain an ongoing program for funding certain necessary state political contributions which cannot be legally met through the regular budget of the Independent Bankers Association of New York State.

A political action committee allows like-minded organization and individuals the opportunity to pool their resources and to contribute to elected officials whose support is needed to further the PAC's objectives.

NYSIBPAC is completely voluntary and is independent of any political party, candidate, or organization.

How much should my bank, holding company, or I contribute?

Suggested minimum levels of bank contributions are:

By Bank's Assets:

\$1 billion and above: \$2,500

\$500 million to \$1 billion: \$2,000

\$250 million to \$500 million: \$1,500

\$100 million to \$250 million: \$1,250

Up to \$100 million: \$1,000

How Does It Work?

Contributions to NYSIBPAC are used to support the election campaigns of individuals who support community-based banking and who share an interest in improving the business climate for independent banks in New York.

The distribution of funds from NYSIBPAC is limited to candidates for New York State offices.

How Can You Help?

Your help is needed in two ways:

First, through your holding company or state chartered bank.

For example, a state chartered bank or the holding company of a national bank may contribute up to \$5,000 in a calendar year. State chartered banks may contribute up to \$5,000 in a calendar year directly through the bank.

Second, your individual contributions are needed.
